

Technical data sheet

Part Number 1749

Portable digital Wattmeter with internal RF detector

New!

TECHNICAL SPECIFICATONS:

RF INPUT: Up to 4 x SMA Female Connectors

RF INPUT Impedance: 50Ω

RF measure accuracy: 0.1 dBm Extended

Frequency range: 50MHz – 6GHz

Power supply: Internal lithium rechargeable battery

5V Power supply adaptor

Capable of measure all common analog and digital signals.
